Unic Acid is a natural product of our bodies, the result of tissue changes and a meat diet, Like the sewage of cities it is contamnating.

It is the work of the kidneys to elimicate this poison from the system as rapidly as formed. When, Lowever, the kidneys have become weakened or diseased there is an accumulation of uric acid that poisons the blood. In coursing through the body the uric acid settles in the feints and causes articular—joint—rheumatism; it attacks the lower part of the boek and produces lumbago; it affects the delicate membrane covering the sciatic netwe, and tho result is sciatica—they are all rheumatism. Uric acid is the father of all rheumatism, no matter where located or by what name it may be called.

JOHN S. WILSON, 48 Schuyler St., Arbany, N. Y., writes: "About six years ago I was a marry to frequent attacks of inflammatory rheumatism in my feet and hip joints. Often had to give up work for five or six weeks at a time. I tried prescriptions by the dozen, one after another, and some would-be sure cures from different friends. None seemed to do me any good. At last fortune caused me to visit an old friend of mine who I knew at one time suffered as I did. He told me what Warner's Safe Cure had done for him. He had about half a bottle left over, and I took it home and began to take it as taking it for two months after, when I was entirely cured and have had absolutely no taking the remely until I had used up three bottles. I was so cannot be an advantable of the leading hospitals as the only absolute cure for all forms of disease of the kidneys, and began to take it as free from sediment and pleasant to take. It is prescribed and used by doctors themselves in the leading hospitals as the only absolute cure for all forms of disease of the kidneys, bladder and blood.
